

# RECORDING ARTIST / ENTERTAINMENT PERSONALITY STEFANI VARA

As a music industry veteran, Stefani Vara has developed a series of successful independent music singles and has pushed the love of her culture to the forefront. Deciding to separate from a comfortable recording contract due to no longer willing to compromise her sound and beliefs, Stefani has taken control of her own career and has proudly infused her heritage and cultural beats into every song.

With fashion ad campaigns, red carpet appearances, 2 independent music singles hitting the overseas charts in 2013, and latest song "**All Alone**" which debuted in October 2014....this dynamic chameleon is a force to reckon with and doing music on her own terms. Stefani Vara's talent, hard work, entrepreneurship (she's currently the executive producer and co-star of the reality style family cooking web series "**Comida Caliente**", which was **successfully funded** through kickstarter), and determination, combined with a sparkling personality and beauty bringing her to the forefront of creativity. With her favorite quote being ... "Create Your Own Destiny", Stefani Vara is not waiting for her time to come, she is creating her own opportunities and happiness!
